- 1. FINISH:** UV cured ceramic & scratch resistant Polyurethane. Protects surfaces against surface scratches & stains & makes easier to clean
- 2. WEAR LAYER:** 28mil, suitable for heavy duty commercial applications including hospitality, health care, educational and high traffic retail
- 3. DESIGN PATTERN:** High definition unique patterns provide the latest trend in design
- 4. MIDDLE LAYER:** Improves acoustical and comfort performance and provides fire resistance properties
- 5. GLASS FIBER LAYER:** Reduces thermal expansion and contraction for a more stable performance
- 6. HIGHER PERFORMANCE BOTTOM LAYER:** Provides longer lasting properties as well as additional stability
- 7. BACKING:** Dryback. Balances the structure and provide better performance for glue down applications.
